

QUINTEN GOODMAN

Lisbon, Portugal (U.S. Citizen) | quinten@goodmansonline.com | [linkedin.com/in/quintengoodman](https://www.linkedin.com/in/quintengoodman)

EDUCATION

Nova School of Business and Economics (Nova SBE)
Master of Science in Finance

Lisbon, Portugal
Expected June 2027

Arizona State University, W. P. Carey School of Business
B.S. Finance; B.S. Management; International Business Certificate

Tempe, AZ
May 2026

- Major GPA: 4.0/4.0; Dean's List (7 semesters); New American University Scholarship

Korea University
Exchange Semester, Business & Finance

Seoul, South Korea
Feb 2025 – Jun 2025

- Hedge fund management program: developed and pitched equity recommendations using DCF and peer-group analysis on Bloomberg
- Built a long-short equity and bond paper portfolio hedged for beta and market risk with derivatives, returning 34% over a 60-day simulation
- Built Excel scenario models for foreign-exchange case competitions; earned the top grade in the class

EXPERIENCE

Nova Students Portfolio
Member, Student-Managed Investment Fund

Lisbon, Portugal
Sep 2026 – Present

- Selected through a competitive application to a student team that manages real capital under faculty supervision

Solugenix Corporation (IT & Services)
Staff Accountant Intern, Finance & Accounting

Scottsdale, AZ
Oct 2023 – May 2026

- Benchmarked comparable companies to size an appropriate line of credit; recommendations used to secure a seven-figure credit facility
- Designed and automated a bi-weekly payroll accounting model for the Dominican Republic subsidiary and a Power Query IT-asset tracker, each saving 30+ minutes per cycle
- Programmed hundreds of automation rules during the Ramp expense-system implementation, assigning spend by vendor, cardholder, business unit, and location
- Prepared consolidation reports, budget variance analysis, and periodic forecasts for the 2024 and 2025 budgets in Sage Intacct and Martus; reconciled intercompany accounts

PROJECTS

Quantitative Options Analytics Platform (Python)

Sep 2025 – Present

- Run a rules-based options income strategy (cash-secured puts and covered calls) on a personal portfolio, with defined position-sizing, roll, and assignment-risk rules
- Built a Python/SQLite system that syncs brokerage positions via the SnapTrade API and pulls option chains, Greeks, and implied volatility from Tradier to track P&L against a 1–2% monthly return target
- Developed a dealer gamma exposure (GEX) model mapping net gamma across strikes and expirations out to 28 days, identifying gamma walls and the zero-gamma flip level to guide strike selection
- Built a Streamlit dashboard and contract screener ranking puts and calls by annualized premium, bid-ask spread, open interest, IV, and GEX at strike; automated LLM-summarized market news digests (Claude API, Telegram)

LEADERSHIP & ACTIVITIES

Delta Sigma Pi, Professional Business Fraternity, Gamma-Omega Chapter

Sep 2022 – May 2026

- Retreat Chair (Aug–Dec 2023): planned and budgeted a professional development retreat for 120 participants
